THE OLD MAN AND THE SEA

Effect: The character's large, expressive eye and wide, toothy grin are emphasized, making them appear more monstrous and threatening.

## EKHO IS EARTH'S MIRROR WORLD.

We find our cities, our countries,  
only different:  
electricity doesn't exist,  
dragons replace airliners,  
subway cars run on the backs  
of strange centipedes...

.....

But the most amazing are  
**THE PRESHAUNS**  
who, under an air of formal bluff,  
seem to hold the reins of the world...

.....

Fourmille Gratule and Yuri  
Podrov are projected onto

**Ekho**  
and struggle to find their place. Especially since  
Fourmille is still regularly inhabited by the  
ghosts of the recently deceased...

*After New York,*  
it's time to rediscover Paris!  
*At once different and the same,* they must thwart  
a plot that endangers the nation...

A FANTASTIC ADVENTURE, FUNNY AND OFFBEAT, WILL LEAD US  
INTO A STRANGE REFLECTION OF OUR OWN SOCIETY.
